Privacy Policy

The MENA ML Winter School is committed to respecting your privacy, and we exclusively use the personal information we collect to provide you with the services you request from us. To that end, we have access to collect information that you have voluntarily provided to us via email, online forms or other direct contact, such as your name, email address, home address and telephone number.

Data Usage:

The data collected will be used to:

1. Process and review the application
2. Select the participants to the school
3. Future analysis of user statistics from prior events
4. for those who are admitted, to communicate with the participant for purposes related to the current edition of the MENA ML Winter School.
5. If and only if a participant has explicitly requested so in the application form, we will share the CV to sponsors for recruitment purposes.

6. Contact you for future events. Of course you can opt to unsubscribe from such communications

Data Security:

We use electronic and procedural safeguards to protect your information. The infrastructure has been hosted on Google cloud with access to only the administrators of the project. We ensure that all the sensitive information sent to our servers is encrypted and transmitted in a secure way with the use of valid HTTPS certificates. You can verify this by looking for a closed lock icon at the bottom of your web browser, or looking for "https" at the beginning of the address of the web page. We also ensure that all the communication between our services and you are authenticated via user authentication only.

Please be advised that the security and confidentiality of any communication or material transmitted through the Internet or any wireless network, including via services, email or text messages, cannot be and is not guaranteed.

For any questions or concerns regarding data privacy and our data policies, please contact contact@mena.ml
